Ms. Jackson:

I left a message on your voicemail this morning regarding our discussion. Charah has activated a public access website for the Brickhaven Project which is referred to on the "Draft Initial Open Dump Inventory list as "Brickhaven No. 2 Mine Tract A" in North Carolina. The website is located at:

" <http://gm-ccrrule.com/> ". The website contains Dust Control Plan for this project. Based on our conversation from August 25, 2016, we understand that EPA is placing the project on the open dumps list because we did not have a public access website and we had not placed a Dust Control Plan on that website. With the activation of the website and placement of the Dust Control Plan we have met the two items described in our conference call. We request that EPA confirm to Charah that it is removing the "Brickhaven No. 2 Mine Tract A" from the draft list. If there are questions or concerns, please contact me as soon as possible.

Thanks,

Danny L. Gray

\*\*\*FROM EXTERNAL DOMAIN\*\*\*

Danny,

Here is the link to our webpage that contains the draft initial open dump list:

<https://www.epa.gov/coalash/compliance-data-and-information-websites-required-disposal-coal-combustion-residuals-ccr>

the people on the phone were:

Mary Jackson, ORCR  
Rita Chow, ORCR  
Laurel Celeste, Office of General Counsel Jon Johnston, EPA Region 4 Davy Simonson, EPA Region 4

Thanks,

Mary
